

AGCO INFORMATION SESSION

The Alcohol and Gaming Commission of Ontario (AGCO) recently released Thoroughbred Directive No. 1: Standards based race day medication ban.

Since then many of our members have reached out with their questions and concerns regarding this directive and future protocol. The HBPA has been engaged with the AGCO for clarification and moderation of the rule. The race day medication ban will now take effect 24 hours from post time of the first race.

As a result of the conversations, questions and inquiries, the AGCO has scheduled an information session for this Saturday April 13th at 11:00am in the backstretch recreation room at Woodbine Race Track.

We strongly urge our members, Owner and Trainers, to attend this meeting.
